Signed COG	

1. The Law

- a. Health and safety in schools is governed by legislation and associated regulations, which are enforced by the Health and Safety Executive (HSE).
- b. In **community schools, community special schools and voluntary controlled school's** statutory health and safety responsibilities fall on the Local Authority (LA) (as the employer) and on the headteacher and other school staff (as employees).
- c. As the management body, **the governing body** must ensure that school staff and premises comply with the LA's health and safety policy and practices (e.g., reporting accidents, first aid provision), and:
 - i) Implement a health and safety policy and advise employees of it.
 - ii) Have a Critical Incident/Business Continuity plan that considers emergency scenarios.
 - iii) Ensure, **so far as is reasonably practicable**, the health, safety and welfare of teachers and other education staff; the health and safety of pupils in school and on off-site visits; and the health and safety of visitors to schools, and volunteers involved in any school activity.
 - iv) Assess the risk of all activities, both in school and off-site; introduce measures to manage those risks, and tell employees about those measures.
 - v) Ensure that staff are competent and trained (including TeamTeach techniques where necessary) in their health and safety responsibilities; and are actively involved in health and safety.
 - vi) Take reasonable steps to make sure that the buildings, equipment and materials are safe and do not put the health of users and visitors at risk.
 - vii) Promote and support sensible health and safety management through discussion at Governor or Senior Leadership Team meetings, advice and guidance from the Corporate Health and Safety Unit when required.
- d. In practice, the governing body may delegate specific health and safety tasks to others at the school.
- e. The governing body, and headteacher, must comply with any direction given to them by the LA concerning the health and safety of persons on the school's premises or taking part in any off-site school activities.

2. The Role of Employees In Any School

Employees must take reasonable care of their own health and safety, and that of anyone else who may be affected by what they do at work. They must also cooperate with others who have duties for health and safety by carrying out instructions and reporting unsafe practices. The headteacher, who has delegated responsibility for the day-to-day management of the school, has a particular role in seeing that the governing body's health and safety policies and procedures are carried out.

3. The Governing Body accepts the model policy presented by Somerset County Council and will ensure this is applied to our school.

4. The Governors of the Federated Board of Merriott First School, Haselbury Plucknett First School and Haselbury Plucknett Pre-School will;

- a. Provide as far as reasonably practicable a safe and healthy environment for all persons who work at, attend or visit the school.
- b. Ensure, as far as reasonably practicable, the health and safety of pupils, staff and volunteers on off-site visits and activities.
- c. Endorse and support the safety policy of Somerset County Council, and to assist the Council to discharge those responsibilities, which it holds as employer.
- d. Seek improvement to working conditions according to priorities within existing resources.
- e. Recognise their responsibilities when they make available premises or equipment for hire, and will ensure that risks to the safety or health of hirers and other persons are adequately controlled as far as possible.
- f. Ensure that Risk Assessments are carried out within the school using an identified method for recording (e.g., EEC Safety Suite) and to review as appropriate.
- g. Encourage informal meetings and ensure time is made available in staff meetings where health and safety issues can be raised.
- h. Ensure that staff can access training to ensure their competence for their tasks.
- i. Accept the duties that they may hold as a client where they arrange for work through contractors or volunteers. Follow the Council's guidance for the selection of competent contractors and **will** seek assistance from the Council's Property Services when necessary. Ensure that volunteers receive adequate instruction and supervision to work safely.
- j. Report all incidents/accidents, using the Accident Reporting Module in EEC Safety Suite and ensure appropriate follow up action has been carried out.
- k. Review on an annual basis, all accidents and incidents reported to identify trends.
- l. Consult with the school council and inform pupils of their responsibilities for Health and Safety.
- m. Recognise the role of safety representatives appointed by recognised trade unions and co-operate with them so that they may undertake their health and

safety related functions, including reasonable paid time off for consultation inspection and investigations.

5. The Headteacher and Deputy Headteacher are recognised as safety representatives at the school. The Governors and Headteacher will draw this policy to the attention of all staff.

6. Organisation In Support of Health and Safety

- a. Schools can be organised in a variety of ways, i.e., on a Headteacher / Governing Body / Senior Leadership Team. The key members are responsible for seeing that their Area of responsibility/Department staff follow the school's policy, and in particular in respect of:
 - i) Identification and control of risks associated with any hazardous or dangerous substances.
 - ii) Selection of equipment suitable for its purpose, and ensuring that it is properly used.
 - iii) Identifying and securing the training needs of members of their Area/Department.
 - iv) Provision of suitable personal protective equipment when required and ensuring that it is properly used.
- b. The Headteacher and Governors recognise the importance of all staff being competent and possessing the necessary current skills, knowledge and qualifications for the use of specialist equipment or facilities.
- c. The Governors will monitor safety performance within the school against the standards of Somerset County Council and provide an annual summary of their findings.
- d. Ensure that regular School Premises Management checks are completed in line with the Premises Management Checklist alongside guidance from the School's Area Building Surveyor and Local Authority. Also ensuring that appropriate training needs of person responsible for premises is delivered.
- e. Governors to agree delegation for approval of off-site visits and activities and review on an annual basis.
- f. The Governors have appointed a member of the board to have a watching brief for health and safety issues, and bring to their notice such issues that require their attention.
- g. Assistance on health and safety issues is provided by the Corporate Health and Safety Unit, Somerset County Council.

7. Appointment of Appropriate Persons Schools should appoint appropriate persons for their delegated areas of responsibility within the school (see Table A for areas which need including in your policy). They should ensure that new staff have the necessary

skills and qualifications on appointment, or are able to receive the necessary training and certification, after appointment or on change of responsibilities or work methods.

8. Guidance for Schools

- a. The following guidance, produced by the Local Authority, is available for schools to use for their own standards: [Outdoor Education and External Visits Website](#)
- b. The Governors adopt the standards of the following publications, which are endorsed by Somerset County Councils Learning and Achievement service as standards for its schools:
